

Cardio-Pulmonology Suite

Universal ECG™ 12-Channel Resting

Z-7000-0301

This is the easy-to-use, smallest and lightest 12-channel resting ECG from QRS. Connect the Universal ECG to any PC to acquire, store and analyze up to 12-channels of high-resolution ECG data. Provided with the Universal ECG is a 3-year warranty.

QRS Resting Tab Electrodes (Z-5000-1920) are available to ensure accurate and successful electrocardiography testing.

Orbit™ Portable Spirometer

Z-7000-0101

The Orbit portable spirometer features improved accuracy, portability, USB 2.0 connectivity and a 3-year warranty. This next generation QRS Spirometer easily connects with your PC and rests on the table top, freeing your hands to assist the patient in performing a successful test.

The Orbit is pre-calibrated and uses disposable pre-calibrated mouthpieces (Z-5000-2608), simplifying spirometry. In support of ATS Guidelines, QRS offers nose clips (724050-00) and a Volume Calibration Syringe (723000-00). ATS recommends the use of these accessories to achieve the most accurate spirometry results.

Opti™ 24-Hour Ambulatory Blood Pressure Monitor 710000-00

This ambulatory blood pressure monitor has a compact and efficient design providing a cost effective solution for monitoring your patients' blood pressures outside the clinical environment. The Opti meets the highest standards of clinical accuracy, has a one-year warranty and has been validated to all three internationally recognized standards:

- British Hypertension Society (BHS) A/A
- European Society of Hypertension International Protocol (ESH)
- Association for the Advancement of the Medical Instrumentation (AAMI) SP10

The QRS patented OptiFit™ cuffs are engineered for patient comfort, compliance and are available in 4 sizes to ensure the greatest accuracy.

Q200/HE™ Combination Holter & Event Recorder 700005-00

The Q200/HE is a combination 14-day Holter plus 30-day Event recorder, usable in either Holter or Event mode. This device is smaller in size, lower in cost, and compatible with all levels of LX Analysis and LX Event Software. Additionally, the Q200/HE has a 3-year warranty.

QRS SATISFACTION GUARANTEE *If you are not satisfied with the performance of our devices and QRS cannot make it work for you within the first 30 days, you will receive a refund.*
